Objective

Motivated undergraduate student seeking a COOP opportunity to apply and enhance skills in Cybersecurity within a dynamic environment.

Education

Prince Sultan University, Riyadh
Bachelor of Science in Information System - Cybersecurity (CYS track)
Expected Graduation: 2024
Relevant Courses: Penetration Testing, Ethical Hacking, Cyber-Physical System Security

Projects

Smart Cyber Physical Wick Hydroponic System
May 14, 2023
- Engineered cyber-physical CPS for hydroponic cultivation

- - Used Arduino Uno, ESP8266, Blynk platform for control

Pre-Cloud Hotel
Oct 30, 2023
- Developed user-friendly hotel website

- - Implemented self-check-in functionality

Google Chrome Security Assessment
Oct 26, 2023
- Conducted security analysis

- - Applied secure software development practices

Employment of Talented People
Feb 14, 2023
- Designed job platform

- - Implemented System Analysis and Design principles

Marketing and Features Demonstration
Sep 19, 2023
- Restructured marketing processes

- - Used TOGAF framework for solutions

Automating Marketing in Technical Company
Mar 11, 2022
- Automated marketing processes

- - Improved campaign efficiency

Smart Flock Tracking
2021
- Developed animal data application

Skills and Tools

Technical Skills

Programming Languages: Java, JavaScript, C, C#, PHP, SQL, Python, Kotlin
Markup Languages: HTML, CSS
Operating Systems: Windows, Linux, iOS
Tools: Microsoft Office, Excel, Wireshark, SQL, Oracle DB, Windows Defender, Slack, ArchiMate, GitHub, Arduino IDE, Blynk
Frameworks: TOGAF, DODAF, Zachman, ArchiMate, Agile, BPMN
Hardware: ESP8266, Arduino Uno, STC/Huawei HG8245W5

Soft Skills

Communication
Teamwork
Flexibility

Other Skills

Planning and organizing
Design Thinking

Extracurricular Activities

Riyadh Al Jannah/Charitable and Religious Works, Marketing Team, 2022
ASSCL/Technical Activities, Graphic Design Team, 2022
WTC/Writing and Tutoring Center, Marketing, various dates

Professional Development

Linux Fundamentals (Coursera, 2024)

Google Support (Coursera, 2024)

Introduction to Cybersecurity (Dorob, 2024)

Ethics, Technology and Engineering (Coursera, 2024)

Introduction to Microsoft Excel (Coursera, 2024)

Agile Meets Design Thinking (Coursera, 2023)

Blockchain Development (PSU, 2023)

Android Apps Programming Camp (Code for Girls, 2022)

Cyber Security Tools & Cyber Attacks Courses (OSH. Academy British, 2022)

Cyber Security Risk Management (OSH. Academy British, 2022)

Introduction to Data Science for Beginners (PSU, 2021)
